

SOLUTIONHEALTH

AT A GLANCE

BUILDING SOLUTIONHEALTH

Southern New Hampshire Health in Nashua and Elliot Health System in Manchester together formed SolutionHealth in 2018. Our mission is to provide the best care possible for the communities we serve with a commitment to innovative models of care and collaboration that positively impact the health and well-being of more than half a million residents of our region. We start with committing to do the right thing, for each patient, every time.

OUR FUNDAMENTAL PRINCIPLES

- Give the patient the greatest opportunity for the best outcome.
- Provide care within SolutionHealth when appropriate.
- Advance best practice across SolutionHealth through standardization of high-impact care.
- Deploy resources the best way we know how, today.
- Foster a culture of respect, systemness, and open communication.

Massachusetts General Hospital Clinical Affiliation

Southern NH Health has been a longtime clinical affiliate of Mass General and has offered programming in many specialties. However, in late 2020, SolutionHealth signed a new clinical affiliation agreement with Mass General to collaboratively increase the availability and accessibility of comprehensive, high-quality tertiary and other health care services throughout southern New Hampshire; and to improve the continuity, quality, and safety of care for patients and the communities we serve. Programs and services include comprehensive cancer care, thoracic surgery, vascular surgery, and more. To learn more about our clinical affiliation with Mass General, visit solutionhealth.org.

SOLUTIONHEALTH is a 501(c)3 non-profit organization, governed by a volunteer board of trustees with support of leadership team that draws on knowledge and expertise of its provider organizations.
